**SEWER USE REGULATION  
SELF-MONITORING FREQUENCY  
(Effective May 20, 2019)**

All Users subject to self-monitoring requirements shall sample at a minimum as indicated in the following monitoring schedule. The self-monitoring frequency will be based upon total permitted flow. However, ReWa may modify the sampling frequency based on factors including compliance history and risk to ReWa WRRF facilities and products.

<b>Total Permitted Flow Gallons per Day</b>	<b>Frequency of Monitoring</b>
0 - 1,000	Semi-annually
1,001 - 10,000	Quarterly
10,001 - 50,000	Twice Quarterly
50,001 - 100,000	Monthly
100,001 - 500,000	Twice Monthly
Over 500,000	Weekly
