

Addendum I Large Diameter Sewer Upgrades Project

Posting Date: January 24, 2019

In published Request for Qualifications (RFQ) for Large Diameter Sewer Upgrades project, please note the following updates:

1. **Q:** Are the pipes in such poor condition that ReWa couldn't benefit from CCCP rehab with a 50 year design life as opposed to dig and replace? Or are you up sizing the pipes?

A: We are up sizing the pipes.

2. **Q:** Would you be open to revision regarding the five-year time frame for previous projects. Could this possibly be revised to 10 years?

A: Section II.B.i., remove in its entirety and replace with the following:

- i. Describe a minimum of five (5) successful projects of similar type and size as that defined in Sections I.1 and I.2 above with at least two (2) projects having a value of at least \$5,000,000 completed within the last ten (10) years. Experience working with bypass pumping, railroad crossings, and through neighborhoods shall also be highlighted.

Section II.D.ii, remove in its entirety and replace with the following:

- i. See form Project Manager Experience Form outlining the proper format to provide the following information – identify the Project Manager and include a description of his/her related project experience, education, and pertinent training and certifications. The Project Manager must have experience in supervising/managing at least three (3) projects within the last ten (10) years for similar types of projects with two (2) of those projects having a constructed value of at least \$5,000,000. A primary and alternative Project Manager must be prequalified by each Contractor. Attach a resume for each.

Section II.D.iii, remove in its entirety and replace with the following:

- iii. See form Superintendent Experience Form outlining the proper format to provide the following information – identify the Superintendent and include a description of his/her related project experience, education, and pertinent training and certifications. The Superintendent must have experience in supervising/managing at least three (3) projects within the last ten (10) years for similar types of projects with two (2) of those projects having a constructed value of at least \$5,000,000. A primary and alternative Superintendent must be prequalified by each Contractor. Attach a resume for each.

If you have any questions and/or concerns, please do not hesitate to contact Stephanie Selman stephanies@re-wa.org or Julie Dacus at julied@re-wa.org.
